The Servant Problem Not New will be an with satisfaction that in 1500 m my of the evils now to be complained of were distinctly recognized. Some of the more curious nucl which were no posed by a country gentleman upon offording servants were a penny for leaving a door open, unusing prayers, leaving beds unuade atter 8 (presimably a. m.), and rooks could only have follow ers at the rate of a panny fine for each one. A curious rustom seems to have then existed that entree to the house was done I during the tamby meals, and as the fine for allowing a breach of time custom was heavy it may be that the sin was esteemed great,-Lady Pictorial.

Their Boat Nearly Weesked by a Bear. Four men in a boat had an excitmg semumage with an enormous bear on Lake Whatten. They were on a fishing trip and were armed only with an ax and a pastol. They saw it swimming in the water and opened fire. The bear made straight for the bow of the boat, with its eyes like small balls of fire and its mouth open wide It seized the boat, tearing a piece of wood off the gunwale severel inches in length, then, dodging the blows of the ux that wore di-rected at him, Brinn gave the side of the boat a swipe with his paw, nearly overturning it—But just then the pistel and the ax got in their work, and the bear gave up the fight and the ghost. The curcass was towed ashere and weighed nearly 300 pounds. -Portland Oregonian.
